Dear Friends & Families

Spooky Season is upon us and we are in full-on planning mode—you know it will be Christmas before we know it. Although we won't be able to have our usual big Halloween party this year, the staff have already started planning a few spooky virtual activities that we hope you will join in on.

We haven't quite scared COVID away just yet,
but we have been apart long enough...

THE WAIT IS OVER
we are reopening our doors again!

While the center and our programming won't be quite the same we are more than ready to be able to see your smiling faces in person once again. One day a week is better than none and we do still plan to offer virtual activities for those at home. The staff are working on even bigger plans to expand our virtual services over the next month and we will be sending information home on how you can access Signal on Your Screen. We will be in contact with those of you who have completed reenrollment and have said YES to returning with your tentative start date. For those of you who are not ready to return but would like to get your meetings out of the way and paperwork in, we are still offering those meetings in-person as well as via zoom. Please feel free to email or give us a call.

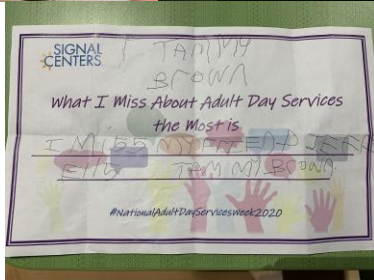

As a reminder,

ALL annual paperwork along with a re-enrollment meeting must be completed prior to return.

Thank you all for your support and patience during this time. We are ecstatic to finally be re-opening our doors. As always, please let us know if there are supplies you would like to borrow, or specific needs we might be able to assist with.
